Over 11" long!

A. This truck is built like a monster!

It's big, it's bad, and you can build it yourself! The crane performs three functions — grabs and lifts and turns — all at your command. So you're in control of all that you see! Now add 8735 LEGO TECHNIC Motor (sold separately on page 37) to make the crane drive frontwards and backwards. Also includes partial building instructions for a dump truck and snow plough. Ages 10+. 573 pieces.

#8446 Crane Truck \$59.99

Use control stick to tilt rotors.

B. Rotors spin — just like the real thing!

When you hear the whir, whir, whir of spinning blades, you know a high powered helicopter is hovering overhead. And here's one you build yourself! A realistic gear system turns the front and rear blades, and a control stick tilts the rotors. Prepare for liftoff! Now add 8735 (sold separately on page 37) to motorize the rotors. Then use the same pieces to build a transport helicopter with twin motors and a VTOL aircraft. Building tips included. Ages 9+. 307 pieces.

#8444 Air Enforcer \$29.99

Instructions included

Tip buggy to the right, turn right, tip to left, turn left.

C. Build it ■■■ blast ■■■ bumps!

Discover the thrill of LEGO TECHNIC with this quick-build police beach buggy. You build it in four separate modules — then snap them together and you're ready to roll! Includes jumbo tires for making mince-meat of sand dunes! Ages 7+ 165 pieces.

#8252 Beach Buster \$19.99
